

**2019 District 5
Solo and Ensemble Performance Evaluation
Saturday, April 27th, 2019
Milton High School**

Thank you for signing up to perform at the GMEA Solo and Ensemble Performance Evaluation on April 27th at Milton High School.

At this point you have chosen a piece of music and you are rehearsing weekly with your partner. Solos **MUST** be performed with SmartMusic accompaniment (see me to get it set up) unless you are playing Bach. Remember that I am available most mornings at 8:05 a.m. to help your duet. Remember **NO** orchestra class time can be used for rehearsal, so please do not ask. As it gets closer to the event, the demand for teacher help increases, so preparing *early* is your best bet!

Don't forget to take your instrument home the day before the event, and if you play a school owned cello or bass, be sure to make arrangements to take it home the day before as we will not have access to Northwestern on Saturday morning.

On the day of the adjudicated event, Saturday, April 27, you must wear your NMS Orchestra uniform (blue polo, black pants) with dress shoes. You should arrive no more than 30 minutes before your performance time with your instrument. Come in the front of the high school and into the Milton HS Fine Arts area (downstairs on the right side of the school) and find your partner, unpack, tune, and warm up. I will help you make final preparations and provide your judges' music and score sheet. You will be escorted into the performance room, so please remain in the warm up area until you are called.

After your performance, you are free to pack up and leave with your parents. You will receive your scores on the Monday after the event. **GOOD LUCK!**
